SCEP Plan Overview

In this section, the district must describe the development of the plan, the degree to which the previous school year's SCEP was successfully implemented, overall improvement mission or guiding principles at the core of the strategy for executing the mission/guiding principles, the key design elements of the SCEP, and other unique characteristics of the plan (if any), and provide evidence of the district's capacity to effectively oversee and manage the improvement plan.

The SCEP must be made widely available through public means, such as posting on the Internet, by the district. The Overview will serve as the at-a-glance summary of how the district will use various funding sources to improve student achievement. A complete overview will address the following:

1. Rate the degree to which the School achieved the goals identified in the previous year's School Comprehensive Education Plan (Mark with an "X").

<input type="checkbox"/>	Limited Degree (Fewer than 20% of goals were achieved.)
<input type="checkbox"/>	Partial Degree (Fewer than 50% of goals were achieved.)
<input type="checkbox"/>	Moderate Degree (At least 50% of goals were achieved.)

In reflecting on the **PREVIOUS YEAR'S PLAN**:

• Describe the most significant positive impact(s) that resulted from the previous year's plan (may include such examples as specific changes in adult behavior and/or measurable changes in student outcomes).

• Describe all mid-course corrections to the previous year's plan in response to data review and needed adjustment. Include details of current impact and expectations for sustainability moving forward.

In developing the **CURRENT YEAR'S** plan:

• List the highlights of the initiatives described in the current SCEP.

1. A computerized tool will be created that will monitor non-evaluative walkthroughs, providing feedback to staff. 2. A computerized tool for curriculum development and mapping scope and sequence will be created and curriculum will be written, using this tool. 3. Learning targets will be visible in all classrooms, for all lessons. 4. CARES program will be developing and presenting SEDH lessons in monthly assemblies. 5. Mid-marking period progress reports will be developed and distributed at 15, 25, and 35 week marks.

• List the identified needs in the school that will be targeted for improvement in this plan.

According to the 2014-2015 school report card, white students were identified in ELA and Math; therefore white students will be targeted. Economically disadvantaged students will be targeted as well. In particular, students who earned 1's and 2's and NYS 3-8 assessments will be targeted. Identified needs through IIT review will also be targeted: walkthrough tool, learning targets posted, SEDH curriculum, and progress reports.

• State the mission or guiding principles of the school and describe the relationship between the mission or guiding principles and the identified needs of the school.

Cincinnati Central School: Striving to meet children's needs, awaken their minds, and touch their hearts. As a community dedicated to ongoing learning, we embrace educational practices that engage students, foster collaboration and innovation, and promote creative and independent thinking. Our graduates will be competent and compassionate individuals, responsible for themselves and their community, and committed to making a positive and dynamic impact on our world. Cincinnati elementary will provide a nurturing environment that is responsive to all student needs, driven by data analysis, action planning, and a culture that is responsive to the community as evidenced by increase in ELA proficient scores on NYS assessments from 21% to 26% and Math proficient scores on NYS assessments from 41% to 46%.

• List the student academic achievement targets for the identified subgroups in the current plan.

White Students- increase ELA and Math 3-8 assessment performance by 5%

• Describe how school structures will drive strategic implementation of the mission/guiding principles.

Instructional walkthroughs, curriculum mapping and development, CARES program, and progress monitoring. All school activities, meetings, and professional development will be focused on achieving SCEP goals.

• List anticipated barriers that may impact the ability to accomplish the mission or guiding principles and how those barriers will be addressed.

Lack of Curriculum Coordinator

• Describe the professional development opportunities that will be provided to teachers and school leaders and the rationale for each opportunity.

In-house, district, and consultant based professional development will address Tenet 3 and Tenet 4. School leaders will be provided professional development regarding conducting and using instructional walkthroughs to affect learning. The CARES team will provide support monthly in order to prepare teachers for monthly lessons at CARES assemblies. Parents will be provided education regarding how to read student progress reports and use the reports to help their children at home.

• List all methods of dialogue that school leaders will implement to strengthen relationships with school staff and the community.

Opening of school faculty meetings, Open House, Teacher Handbook, faculty meetings, PDP meetings, Student Achievement committee meetings, Writing and math committee meetings, instructional walkthroughs, grade level meetings, data meetings, kindergarten orientation, PTO meetings, parent meetings, and monthly CARES assemblies.

• List all the ways in which the current plan will be made widely available to the public.

Communication from elementary office will include SCEP goals, suggested academic supports, academic activities and CCLS. The plan will be shared on the school website, Open House night, Title I parent meeting, and through school newsletter.

• Describe the transition plans to assist preschool children from early childhood programs to the elementary school program (e.g., aligned curriculum, joint PD & parent involvement activities, sharing of records/info, early intervention services, etc.). Applies to elementary schools ONLY.

UPK and Kindergarten teachers work collaboratively in organizing information regarding the Kindergarten ELA and Math Common Core curriculum. Curriculum is shared at Kindergarten orientation with families. Students have the opportunity to visit Kindergarten classroom in May of each school year as well as prior to the school year starting.

Re-Identified Focus Schools

(Applicable to schools that were identified as Focus during the 2012-2016 identification period)

Focus Schools that are re-identified on the February 2016 list must implement more rigorous interventions and prior to the beginning of the 2016-17 school year revise their SCEP to focus on the needs identified through their DTSDE reviews. Schools must begin immediately planning for intensive implementation of at least one ESEA Flexibility Turnaround Principle (e.g., redesign the school day, week, or year; modify the instructional program to ensure it is research-based, rigorous, and aligned with State academic content standards; provide time for collaboration on the use of data) beginning no later than the 2016-17 school year. Districts must complete a school leader checklist for the re-identified Focus School, if the principal has been leader of school for more than two full academic years, in order to determine whether the school leader should be provided additional professional development and/or mentoring or

More information about the Turnaround Principles can be found at: <https://www.ed.gov/sites/default/files/esea->

1. Identify the Turnaround Principle the school is choosing to implement.

2. Describe the schools plan for intensive implementation of the identified principle. As part of the response

3. Describe the plan for oversight of the implementation of the identified principle.

Priority Schools: Whole School Reform Model
(Applicable to schools that were identified as Priority during the 2012-2016 identification period)

Under New York State's approved ESEA Flexibility Waiver, all Priority Schools are required to implement a systematic whole school reform model for a period of 3 years. In support of this implementation the Department has committed to ensuring that leaders of Priority Schools that are engaged in implementing whole school reform models are selected and supported by districts through a process that ensures high leadership qualifications as well as a good match between the leader's skills and competencies and the identified needs of the school. All priority schools that are not current recipients of School Improvement Grant (SIG [G]) or School Innovation Fund (SIF) must complete and submit the principal checklist accessed by the hyperlink and provide full responses to the narrative questions below to demonstrate their plan for implementation of a whole school reform model.

C1. Needs Statement: Create a clear and concise statement that addresses the primary need(s) to be addressed. Be sure to incorporate the most recent DTSDE review and other applicable data.	Based on the IT review that was held May 2016, reviewers identified an inconsistent alignment of curriculum to the Common Core Learning Standards (CCLS) and that there is an inconsistent system of the use of data to inform instruction, including differentiation to meet the instructional needs of all students in the classroom. There is a need for a system to measure the rigor and relevance of what is being taught and its alignment to the Common Core Learning Standards that is resulting in growth for all students, including economically disadvantaged students.
D1. SMART Goal: Create a goal that directly addresses the Needs Statement. The goal should be written as Specific, Measurable, Ambitious, Results-oriented, and Timely.	During the summer of 2016, the Building Teacher Leadership Team in collaboration with the Building Principal and supervisors will investigate and choose a program to develop curriculum maps for ELA and Math that includes units of study, CCLS standards, essential questions, assessment strategies, learning experiences, materials and resources, and common formative assessments for implementation in the 2016-2017 school year by all core area teachers. By the end of the 2016-2017 school, teachers will have created K-6 curriculum maps that are horizontally aligned.

Do not combine multiple activities into a single cell; each activity should be written in its own cell.
Jul-16	School teacher leaders, building principal, and Director of Special Education will work in collaboration during the Summer of 2016 to investigate computer programs for curriculum mapping for implementation during the 2016-2017 school year which when monitored will ensure that all teachers are using curriculum aligned to the CCLS.
Aug-16	The committee will make a recommendation to the Superintendent for a computer program used by all teachers to map their content to CCLS, develop curriculum maps for ELA and Math that includes units of study, CCLS standards, essential questions, assessment strategies, learning experiences, materials and resources, and common formative assessments.
Sep-16	During the month of September, the committee will communicate the curriculum mapping program with the K-6 faculty and staff, including the purpose of the template and intended roll out of implementation for the program in order for all staff to understand the expectations for curriculum mapping for the purpose of ensuring that a viable curriculum is developed that is aligned to the CCLS.
Sep-16	During the 2016-2017 school year all grade level teams will input curriculum into the adopted curriculum program template, in order to develop a curriculum map for their grade level that is aligned to CCLS and guarantees all students in grades K-6 will have access to a viable, rigorous and relevant curriculum.

Tenet 6: Family and Community Engagement

Be sure to incorporate the most recent DTSDE review and other applicable data.</p>		<p>Based on the IT review in May 2016, reviewers noted that there is inconsistent communication about how students are progressing towards learning in between grade reporting periods. There is a need for teachers to engage in consistent communication with families regarding students progress at the mid marking period for grades K-4 that informs parents of their children's progress, areas of concern, and strategies for families to use at home to ensure partnerships are formed that shares the responsibility for student progress.</p>	
<p>D1. SMART Goal: Create a goal that directly addresses the Needs Statement.
