4. Reviewed the History of SP Action Team Items:

The team reviewed a SP Action Team History document (see attached) to begin our work in determining the next Strategic Plan item(s) which will be recommended for implementation for the 2014-2015 school year.

Additionally, the team also reviewed and received an update of progress with regard to items included on the document entitled Strategic Plan Action Items: 2012-2013 Implementation Plans (attached).

In our judgment, it was important for us as a team to understand what specific action items from our Strategic Plan have been implemented and which ones may still be in process, prior to selected additional action items to add to the current list.
