March 18, 2020

Good afternoon parents, guardians, and students,

We had an incredible turnout today!!! For the students that were unable to come in to pick up their instructional materials, don’t fret; we will be bringing them to you. We have arranged for buses to run their regular routes to bring you food each day and we will also bring whatever instructional materials that were not picked up today. Our buses will be rolling out of here at about 10:00 am. Please be patient with us as this is uncharted territory.

Walkers will be able to pick their meals up at the Visitor Center between 10:30 and noon each day.

Please help us out and place a plastic container about 10 feet from the end of your driveway for us to place foodstuffs in that protects them from the weather and animals. A cooler or plastic tub with a lid will work perfectly.

Mrs. Rice and Mrs. Tankalavage will be doing a separate drop off for students that are eligible for a chromebook during this temporary hiatus from school.

These are interesting times for sure and I would like to thank you all for your patience as we navigate processes that have only existed on paper up to this point. Now we get to see how well our plans are as we put them to action. Below I have added the contacts from yesterday’s update if there are questions or concerns.

If you are not receiving food at your residence, please contact Mrs. Hummel at mhummel@cc.cnyric.org or call 863-3200.

If you need assistance from one of our counselors, contact them directly or contact Mrs. Aiken at caiken@cc.cnyric.org or 863-5410.

If you have a technology issue, contact Mrs. Rice, nrice@cc.cnyric.org or 863-3200 option 7, option 7.

If you have a question on a school assignment, have your child contact their teacher via email. Our email addresses are posted on our website. If you don’t have that option, contact Mrs. Tomlinson at 607-863-3200 (Option 4) or Mrs. DeLarm at 607-863-3200 (Option 5) and they will have teachers contact you on the phone.

We are truly building this ship as we fly it and we know we will have to make adjustments to our process.

Be well,

Todd M. Freeman
