David Phetteplace
Secondary Principal

April, 2021

It has come to the attention of the counselors and administration that there has been a recent social media presence condoning and promoting sexual assault and abuse. As a school we wanted to make parents aware and encourage you to have conversations with your children about their social media use and what they are seeing. It is also a good time to talk about safe internet use and to remind them to report things such as those types of posts to adults.

If your student is struggling with these issues please contact one of our school social workers/counselors. If you are looking for community resources you can contact [211](https://211cortland.org) for more information, or visit our [Community Resources](#) page on our website.
